Amendment No. 1 to Form S-1 filed September 27, 2021

Stock Dividend, page 6

1. We note the new disclosure included throughout the prospectus regarding a Stock Dividend payable prior to the effective date of the registration statement. We also note the risk factor on page 56 which states that the company has never declared or paid any dividends on its common stock and currently intends to retain all available funds and any future earnings, if any, to fund the development and expansion of its business, with no plans to pay any cash dividends in the foreseeable future. Please expand your disclosure to quantify the effects, if any, and explain the board's reasoning for declaring the Stock Dividend, address the dilution dividend at this time.
